Vision – School

We aspire to provide all children with the opportunity to fulfil their sporting potential and make lifelong, healthy choices. We want all pupils to enjoy physical activity and to appreciate its benefits, while embodying the core principles of PE Hub to develop their: social, personal, physical, creative, cognitive and health and fitness skills.

Objectives

1. Develop or add to the PE, physical activity and sport activities that your school already offers
2. Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future year
3. To achieve self-sustaining improvement in the quality of PE and sport in primary schools.
4. Strive to nurture and develop the whole child in preparation for their life ahead in an inclusive learning community which challenges every child through physical education.

Meeting national curriculum requirements for SWIMMING and WATER SAFETY

You can use your funding for

- Professional development and training that are available to schools to train staff to support high quality swimming and water safety lessons for their pupils.
- Additional top-up swimming lessons to pupils who have not been able to meet the national curriculum requirements for swimming and water safety after the delivery of core swimming and water safety lessons. At the end of key stage 2 all pupils are expected to be able to swim confidently and know how to be safe in and around water.

You should not use your funding to

- Employ coaches or specialist teachers to cover planning preparation and assessment (PPA) arrangements – these should come out of your core staffing budget.
- Teach the minimum requirements of the national curriculum – with the exception of top-up swimming lessons after pupils' completion of core lessons (or, in the case of academies and free schools, to teach your existing PE curriculum).
- Fund capital expenditure.

Schools are required to publish information on the percentage of their pupils in year 6 who met each of the 3 swimming and water safety national curriculum requirements.
